

Download the installation file.

Run the installation file.

When this window appears, click the "More info" button.

Click "Run anyway."

After completing the steps described above, three shortcuts will appear on your desktop. Click on the shortcut KioskChrome.

A window will appear for entering the login and password for Slot-M. In the cash register program, you create new devices yourself, where the login and password will be displayed, which you enter here.

Open the browser on your mobile device and go to the link cashier777.de This is your cash register program for use.
